

NATURAL SCIENCES SP MWAZVITA CHIKOPO

DEAR PARENT: We are kindly informing you that due to the loss of teaching and learning time, not all the content/concepts, skills and values will be learnt in Natural Sciences. The Subjects specialists at DBE have set out fundamental content and concepts guidelines which must be prioritised during the remaining school calendar days. Please as you assist your child during home-schooling, your focus will be on these fundamental topics. (**DIFFERENT TOPICS WILL BE SENT WEEKLY PER GRADE**)

GRADE 7	GRADE 8	GRADE 9
<ul style="list-style-type: none">• Properties of Materials (Boiling and melting points; Electrical conductivity; Heat conductivity)	<ul style="list-style-type: none">• Atoms (Atoms – building blocks of matter; Sub-atomic particles; Pure substances; Elements; Compounds)	<ul style="list-style-type: none">• Compounds (The Periodic Table; Names of compounds)
