25 SEPTEMBER 2020

Theme Vocabulary

Strategies to teach theme vocabulary

P – Point to a picture or real item, if possible

A – Act out the word, if possible

T – Tell the child what the theme word means.

S - Say the word in a sentence and have the child repeat the word after you

It is not always possible to do all four actions for each theme word – just do what is appropriate.

Refer to Week 5 & 6 of Term 3 Lesson Plans provided on the NECT Website for the Theme Vocabulary list.
