### **Comprehension Strategies**

To help develop your children's comprehension skills at home, as you read stories to them, ask questions that will help them:

1. Predict what is going to happen in the story.
2. Remember the events and order of the story.
3. Remember details about the story.
4. Build his/her own opinion.
5. Make connections to the story.
6. Make judgements about the story.
7. Learn lessons from the story.

Refer to the Lesson Plans provided on the NECT Website.
