

# PSRIP EFAL Message

---

## SUPPORTING LEARNING LOSSES

- To support teachers in covering the learning losses that have resulted from the impact of Covid-19, the NECT has worked with the Curriculum branch of the DBE to develop Term 4 **Recovery ATP Trackers** for EFAL from Grade 1 to 6. The EFAL Trackers are available per grade and can be downloaded for free on the NECT zero-rated website (<https://nect.org.za/materials/recovery-atps-trackers>).
- **The trackers** provide a clear guide for teachers to use to support curriculum delivery during this time of recovery. They provide a day-by-day outline for teachers on the concepts and skills to be covered in the process of teaching and learning.
