

Dear
EFAL
Teacher

The NECT in consultation with the DBE's Curriculum Team developed the Term 4 **Planner and Tracker** aligned to the Recovery ATPs for EFAL from Grade 7 to 9. The EFAL Trackers are available per grade and can be downloaded for free on the NECT zero-rated website (www.nect.org.za).

The Planner and Tracker provide a clear guide for teachers to use to support curriculum delivery during this time of recovery. They provide a day-by-day outline for teachers on the concepts and skills to be covered in the process of teaching and learning.

Please download and utilise for enhancing your curriculum coverage.
